

# Handout #1: Think-Pair-Share

## Engagement

**Motivating learners in multiple ways.** Various options are provided for students to interact with the content, with each other, and/or with the instructor.

## Representation

**Presenting information through multiple means.** Multiple modalities, such as text, audio, video, images and/or graphics are used to depict the same concept.

## Expression

**Providing varying ways to show mastery/ understanding.** Different assessment options are provided allowing students to demonstrate mastery through a method that is optimal for them. Methods can include: writing, speaking, presenting, storytelling, demonstrating, illustrating
